Dear Robert:

I was unable to attribute some of the coins you sent for attribution, but I took a lot of notes that shows some share dies with others you have. I feel they may be unlisted varieties that should be inspected by Leroy Van Allen for possible new listing. I would describe them to him as follows:

1881-O (PCGS ...8874). Doubled ear left and right inside, right outside. Not as strong as VAM 27.

1881-O (PCGS ...0214). Normal reverse, O centered and upright. Slight doubling on 1st 8 at top and top inside upper loop. Pitting on Liberty's eck. Strong scratches in E, Y of LIBERTY

1881-O (PCGS ...8459). Reverse matches VAM 30, but is an earlier die stage with a different obverse.

1881-O (PCGS ...8375). Has the same obverse as coin 8459 above, but a different reverse similar to VAM 11, but not the same.

1881-O (PCGS ...8266). Same obverse as VAM 34A, different reverse. Strange die sequence involving this coin, VAM 1H, and VAM 34A. This has a clash on the obverse with none on the reverse, indicating it came after VAM 34A.

1881-O (PCGS ...2533). Doubled ear, date, and upper reverse lettering. Not a match for VAM 30.

1881-O (PCGS ...2887). Same reverse as VAM 54, different obverse. Doubled 18, 1 at top right, 8 top inside both loops, bottom right outside upper loop. Light pitting on Liberty head. (Coin appears to have been lightly lacquered.)

1881-O (PCGS ...8467, 6558). Reverse matches VAM 19, different obverse. Rough texture on Liberty head. Spike in 1, but no doubling on date to speak of.

I think I captured everything that I couldn't pin down here. If you do send these coins to Leroy for attribution, you can return them to me with a copy of his description and this letter I will label them at no charge other than return shipping. For instructions for sending Leroy coins, refer to this page on VAMWorld: <http://www.vamworld.com/Guidelines+for+Die+Varieties>. Leroy charges \$5 per coin plus return postage. You should include a copy of this letter and refer to my description. Where I mention differences with other coins, it would help to send these coins along for comparison to the subject coin. If you have multiple specimens from the same dies, sending an extra will also help with examination.

Best regards,

A handwritten signature in black ink, appearing to read 'John Baumgart'.
