Dear Robert:

I was unable to attribute one of the coins you sent for attribution. I feel it may be an unlisted variety that should be inspected by Leroy Van Allen for possible new listing. I would describe it to him as follows:

1881-O (PCGS ...5127). Obverse is later die stage of VAM 26A, with clashed 'us' visible in hair. Reverse die is from VAMs 38 and 41 – different mint mark position than 26, doubled U in UNITED, no pitting in wing-neck gap. Leroy should see this coin together with a VAM 26A, of which there were two in this submission.

If you do send this coin to Leroy for attribution, you can return it to me with a copy of his description and this letter I will label them at no charge other than return shipping. For instructions for sending Leroy coins, refer to this page on VAMWorld: <http://www.vamworld.com/Guidelines+for+Die+Varieties>. Leroy charges \$5 per coin plus return postage. You should include a copy of this letter and refer to my description.

Best regards,

John Baumgart
